### FICPI 2018 INFORMS YOU

Learn what you need to know to keep your practice up to date. Your competitors are worldwide; FICPI provides the help and training you need to remain at the forefront of modern practice and procedures and to stay ahead of your competition.

### FICPI 2018 SPEAKS TO YOU

FICPI is the only international IP organisation with membership limited to IP practitioners in private practice. FICPI represents the interests of the IP profession worldwide, and deals with issues of immediate concern to you.

FICPI's 2018 Congress will be held in Toronto, Canada from 6-10 June 2018, and will be accompanied by an Executive Committee meeting from 3-9 June. The Congress is open to all FICPI members; the ExCo is by invitation only.

The Congress programme will further study themes developed at the 2015 Congress in Cape Town, focusing on the changes that IP practitioners in private practice will have to make in order to survive in a rapidly changing world.

The working programme will feature plenary sessions with top-quality speakers, concurrent streams devoted to the latest IP and practice-related considerations, and small-group workshops that will allow your direct participation in discussions of the most current IP topics.

## EXPLORE TORONTO'S VIBRANT CULTURES

The 2018 Congress will offer delegates and guests an exciting social programme, and an opportunity to explore Toronto's diversity. Toronto has been described as "New York City run by the Swiss", with world-class theatre, shopping and restaurants, as well as clean sidewalks and friendly inhabitants. (We're Canadian, eh!)

According to the BBC, Toronto is the most culturally diverse city in the world, with 230 different nationalities calling Toronto home. It is also the safest large metropolitan area in North America.

The quality of FICPI's working programme is second to none. FICPI's 2018 Toronto Congress will offer a unique networking opportunity to meet with the decision-makers from leading firms around the world, not only during the programme itself, but at the Congress lunches, dinners and receptions in which all Congress attendees will participate. There will be no need to go hunting for your contacts in a multitude of private functions.
